

ZAGAT SURVEY®

2004 Zagat Review

Convenient to BAM, this attractive wine bar offers a large range of glasses, half and full bottles as well as flights from a thoughtful list of international vinos, accompanied by a selection of cheeses, charcuterie and other light fare; longtime Fort Greene residents Bill Stenehjem (Norwegian for 'stone home') and his wife, artist Rose Hermann (who designed the space), have created an inviting setting with tumbled marble walls, a sensuously curving bar and comfortable stools and banquettes.
